

## **A SIFTING AMONG CHURCHES**

**04/19/2020**

The Lord says, just as you have heard that I am doing a sifting in My church, among My children, I'm also doing a sifting among churches. There are many churches that have the Name of My Son associated with what they do and yet My Son is not actually associated in what they do. They proclaim doctrines that are abominations unto Me and yet they add the Name of My Son to what they're teaching. This is blasphemy. This is blasphemy.

I want you to know that I have been calling those churches unto holiness, but My voice has been falling upon deaf ears. Some of these churches are very, very large and some of them have incredible praise and worship. But when it comes to what is being sown into the hearts and minds of those in attendance, it is not of Me.

There is coming a great emptiness in many of these churches. It has begun. It is increasing. On the outside these churches look complete. They look full. They look dynamic. They look like they are accomplishing much. But they are hollow on the inside. And because of that, they are crumbling. And yet, to the naked eye it doesn't appear to be this way. But I do not look on the outside; I look on the inside at what is happening.

And I have said in My Word, that My eyes are roaming throughout this world to find those that I can show Myself strong on their behalf. But the same is true for churches. I am looking for churches around this world that will allow Me to work the way that I want to work, that will submit unto Me. And I am taking those churches and I am molding them into the image of everything that I desire.

And I send forth the call this night, not simply to this church, but to every church that will hear. Come unto Me. Repent. Come unto Me. Turn from the things of the world. Turn from the things of wrong doctrine and embrace the fullness of who I am and what I have established in My Word. And I will make of you exactly what I have described in My Word. You will be a place of revival. You will be a place of restoration. You will be a place of refuge. You will be a place of hope, a place of joy, a place of peace. You will be My dwelling place.

So I say unto you, as My children, press into My presence. And as churches, turn unto Me and let Me move in your midst and I will show you My Glory, says the Lord.
