

THE SPARK, THE FLAME, THE CONSUMING FIRE
July 5, 2020 SAM

I look upon My Church around the world and I see the fire of My Presence and My Glory burning in many of them. In some, it's barely a spark. In others, it is a flame. But in very, very, very few is it a consuming fire. Those who are continuing to press into Me, I'm seeing in them this flame, this fire, begin to burn brighter and with more intensity.

For you have been told in My Word that I will baptize you with the Holy Ghost and with fire. But the degree to which that fire burns is totally up to you. You feed those flames by pressing into My Presence. You feed that fire by seeking Me with all your heart. And as you do, the fire begins to burn up all the stuff in you that's been holding you back and keeping you from experiencing a deeper realm of My Presence, My Glory and My Anointing.

As I look upon My Church throughout this world, I know, **I know** the beginning from the end. And there are many who are not going to yield to this fire. In fact, some are going to turn away from Me and extinguish that fire. Many have already done this; more are on that path.

But then there are those who are on the path to seeing this fire burn more greatly and with more intensity in their lives. The number of those who are doing this is small – small compared to the total number of those in My Church. However, I will be able to use those in whom the fire is burning brighter and brighter, using them in such a way where revival will break out.

So I say unto you, if you want Me to use you in ways that go beyond whatever you have imagined, continue to seek Me, continue to press into Me. Continue to make your lives a living sacrifice unto Me, purging those things that would hold you back, mortifying the flesh and pressing into My Glory. I will use you in great and mighty ways as you press into Me and I will use you to bring about revival, says the Lord.
