

RISE UP, WORSHIP, COMPLETE YOUR TRAINING 2020-11-1

The Bible says we are to bring a sacrifice of praise. What is rising up in my heart is...

If you don't bring a sacrifice of praise, you'll be sacrificing something, and it will be your spirit man that wants to worship God. You'll be giving into your flesh and just allowing it to rule over you. Let it be a sacrifice of praise, meaning put your flesh on the altar and not your spirit and worship Him with everything that's in you.

Worship Him because He is worthy of all our praise. Worship Him because of His salvation. Worship Him because He is good. Worship Him because He is holy. Worship Him because He loves you. Worship Him because He has saved you. Worship Him for who He is. Just for who you are Lord. Just for who you are God. Just for who you are God. Just for who you are God. Just for who you are God.

Rise up! Rise up! Rise up! Rise up! Rise up! Rise up. Rise up My people. I say rise up into your place in My kingdom. Oh, My [children], take your place in My kingdom. I say rise up and take your place in My kingdom.

God says that as we begin to rise up and take our place in His kingdom, in the place that He has for us, He will respond by rising up, by rising up, by rising up upon us. But He says He will not force it on you. You must make a choice. You must make a choice to stand, not just today in this place, but make a choice to stand every day. Every day for His kingdom. Every day for righteousness. Every day. Don't let up. This is a war. This is a battle. It's not time to rest. It's not time to be at the beach. The Lord says, Rise up, become a part of My army. Continue your training. Do not quit. Do not give up. Jesus. Jesus.
