

TABLES MUST BE OVERTURNED 2021-3-28

Just as when I walked into the temple and overturned the tables of the money changers, I want to overturn the tables in your life. These are the things that have been established in you, by you, that distract you away from My Presence that I want filling you, My temple. You must be willing for this overturning to take place. You must be willing to let this happen, no matter how uncomfortable it may seem. And remember, when I overturned those tables in the temple, the money went flying everywhere. There were those who actually lost money because they did not gather up everything that had flown off their tables.

In the same way, when I overturn the tables in your life, there are things that you are going to lose, but they're things you don't need. For only those things that you truly need will I stand in agreement with as far as them being in your life. You must be willing to allow those things that occupy a place in your spirit that they don't deserve to be removed. I'll do this in you, with you, to bring about change.

For you see, from that day forward, after I had overturned those tables of the money changers, they never forgot what happened. Likewise with you, if you let Me work with you to overturn the tables in your life that need turned over, you will remember the change that has taken place. So let Me work in you. Let Me help you to bring this about. Do not continue to hold on to anything that comes between you and Me. Let this happen. Let these tables be overturned and you will experience more of Me in your life, says the Lord.
