

WORSHIP IS A KEY 2021-3-28

(The Lord gave this word after the sermon, "Praise, Priests and Sacrifice.")

I've given you a key this day that, if you use, it will change your life permanently. Too many in My Church have devalued praise and worship and not really understood what I have revealed in My Word. The truth is, My Son was the only one on earth who has ever really understood what happens when you praise Me and worship Me. But you can come to a place of understanding this greater than you've ever understood it in the past.

I say to you, do not neglect the opportunities to praise Me and to worship Me. I am seeking for it. You say you are seeking for Me, I am seeking for that praise and that worship. If you give Me what I seek, I will inhabit the place where you are, and I will move in might and glory and power to bring about My Will. So worship Me. Praise Me. Release it from your heart. Don't even think about the people who are around you. You are not worshiping them, you're worshiping Me. I will move, says the Lord.
