

God's Treasure Chest (PD220126 – January 26, 2022)

The Lord says there are far too many in My Church who don't value My Word. There are far too many who don't understand that My Word is Me. Far too many do not understand that when you read the pages, the words in My Bible, in My Word, you are reading My thoughts, you are reading My declarations, you are reading My promises, you are reading My declarations. Far too many take My Word for granted. Far too many think that it does not apply today. Far too many. Far too many.

I will say to you today, you need to take My Word seriously. You need to see My Word as a light that shines in the dark. You need to see My Word as one that illuminates everything that is wrong in this world, that is wrong in the things that you may be doing; and then make the necessary adjustments because My Word gives you the instructions on what to do when you find yourself straying away. But you have to come back to My Word. You have to come back to My Word. You have to take it seriously. You have to hold it high. You have to give it the honor, the due, that it requires.

I am in My Word and if you do not spend time in My Word, you are missing an opportunity spend time with Me. Don't let anymore opportunities pass. Don't let anymore opportunities pass. Treat My Word just like you would treat spending time in My presence, because that is exactly what you're doing except you're just doing it in a different way. But again I say to you tonight, value My Word. Hold it high, esteem it, honor it, because it is My Word that I bless. It is My Word that I have given to you as My children. It's a treasure chest. It is a treasure chest
