

God's Presence Increased (PD220821 – Aug 21, 2022)

Very few of My children understand how much I want to fill their lives with My presence. I want you to know Me very closely and very intimately. I want My presence to fill yours every day, continually throughout each and every day. I want My presence to fill your life so much that you are constantly aware that I am there with you. But the only way that's going to happen is if you let Me do it. Too many push Me away with unbelief, questioning what I do, what I'm not doing.

But I say to you, if you will just trust Me in everything, trust Me in every part of your life, and truly seek after Me, casting down imaginations that exalt themselves against the knowledge of Me, then I will be able to make Myself more and more clear to you. You will understand My presence. You will understand My love. You will understand My faithfulness. Please believe Me in this. Yield to Me. Seek Me with everything within you. Focus on Me throughout your day and I will become more real to you than ever before. Remember what I said in My Word that the joy of the Lord is your strength. My presence brings that joy. So focus on Me. Press into Me and let Me fill your life with My presence like never before.
