

Give Us Barabbas (PD221111 – Nov 11, 2022)

*While praying after the elections of November 8, 2022, the Holy Spirit shared the following with me:*

Recent voting is essentially identical to what happened with Jesus. The people knew Barabbas and what he had done (Matt 27:16 a notable prisoner; Mark 15:7 had led an insurrection/rioting and was a murderer; John 18:40 was a robber). They also knew all the good Jesus had done and represented, along with all the truth He taught and the benefits He promised. Yet, religious leaders within the Jewish community continually opposed Him and denounced everything He stood for. Then, through their lies and manipulation, they inspired the people to “elect” Barabbas.

The people in your country were fully aware of what the Democrats and liberals had done over the past two years and the devastation their policies have brought upon this nation. They were also fully aware of how the Republicans were opposed to those destructive policies. But through lies and manipulation, the leaders and voices of the Democrat religion inspired the people to “elect Barabbas.”
