

Healing Doesn't Challenge God (PD230125 – Jan 25, 2023)

*There are those in this room believing for healing in their bodies, and God wants you to know that we are the ones who put limits on what can and cannot be healed. We're the ones who place degrees of difficulty on healing. God wants you to know that He can heal stage four anything in the same way that He can heal a cut from a splinter. To Him there is no difference. Healing is healing, no matter what the injury or the affliction. God says,*

I am the One who created the human body and I know how to fix anything that goes wrong with it. Healing is not too difficult for Me. Do not limit Me by believing that some things are harder to heal than others because, to Me, there is no difference no matter what you're facing. Learn to trust Me in this. For many, this is the reason why healing has not manifested. Because to you, you see some afflictions as being far more difficult to heal than others. But again I say unto you, there is absolutely no difference to Me no matter what you're facing in your body. Healing is healing and I can heal it all.
