

Taught to War (PD230924 – Sept 24, 2023)

In My Word I've declared that I am the One who teaches your hands to war, but don't you know, don't you realize that you war in worship? These times of worship is Me teaching you to war so that when the battle comes to you unexpectedly, unannounced, and you're caught in the thick of it, you win that battle, you win that war because you were well trained to do it. Don't you know that when those moments come, when it doesn't even look like warfare to you it looks like a natural circumstance, it looks like a natural event, but it's a warfare? That in that moment, without even thinking, your mouth begins to declare the glory, the honor, the praise and the worship of the Lord Jesus Christ. That in that moment you are engaged in a war that you have already won because your hands have been taught to war.
