

You Don't Need a Sign (PD231119 – Nov 19, 2023)

*Just as we're sitting here, the Lord has shown me that there are some people who have been wondering kind of, like, God if you're real, just show me and give me a sign. He's saying that there is no sign to you but the Son of Man, what He's already done. But He will love you and wrap His arms around you if you let Him. You are very precious to Him. He bankrupted heaven for you. What more do you need? Your Father loves you. Your Father loves you. Don't doubt that today. Don't doubt that.*

*You're beyond needing a sign and so He just says, Just enter into My presence, come seek Me and you are going to find Me. He doesn't see you like that anyways, the way you see yourself. He sees you as blood bought and set free. So, when you change your gaze and fix your attention and affection on Him, all the things you've been asking for and longing for are going to fall into place anyways. So, just learn to worship in these times when you're doubting. Learn to praise there in My presence and your questions are going to begin to change. Your petitions and your askings are going to change. For I am already with you. I've never left you. So, lean in, lean in, lean in on Me. Lean in and don't quit.*
