

Worship is Fellowship with God (PD240114 – Jan 14, 2024)

As you have lifted up your praise to Me and ask that I receive it, I say to you, “I have.” I want you to know that in every heart which has willingly offered up the praise and worship to Me, I am working in that heart. Even if you don’t feel anything I am working in you. It’s not about what you feel. It’s about you offering up your worship to Me out of your heart. I respond to that. I can move in that and through it and I am working in you because of it.

Please know that the amount of time you worship Me is not what impresses Me. What impresses Me is when you open your heart and worship Me. That means so very much because it opens an avenue into your life wherein I can minister to you. And for those of you who have truly worshipped Me change is taking place. It’s change that takes time, but change is taking place.

So be encouraged to know this and be encouraged to continue praising Me and worshiping Me when you come together because I do inhabit and do move through your praises. It is impossible for you to waste one moment of worship unto Me. I receive your worship and I move through it, and you will become more and more aware of My presence. So again, be encouraged. Look forward to these times of worship because they are times of fellowship with Me.
