

The Cancer of Unbelief (PD241208b – Dec 6, 2024)

*I just heard the Lord say* There's an epidemic of unbelief in My body, My church among My children. I expect this with the children of disobedience. They don't have My life in them to be able to walk in the way that I say walk. The children of the light, you My children, I expect so much more from you and not in a way of pressure, not in a way of condemnation, but I do expect you to come up higher.

Begin to deal with the unbelief that is in your heart. Run after faith and truth like your life depended on it to deal with that unbelief which is like a canker and a cancer that steals from every day, that robs from you. I hate to see it because with that unbelief operating in you, you will not be able to stand up in who I've called you to be. What's it going to take My people? What's it going to take My children? When are you going to stop just being a hearer, and being a doer of what I'm asking? All I'm asking is that you begin to take one step in front of the other towards Me.

Start today growing. Don't let the magnitude of you knowing how far you have to go stop you. Start taking steps today. Time with Me will begin to give you the desire that you need to put the Word in you enough that you begin to start conquering that unbelief. It's different for everyone. You're not all the same. You don't all have the same time, but you all have more where you're at. So, give Me all of you, My children. Give Me all of you because just like a cancer will ravage the body so will unbelief.
