

Readiness to Rise Up (PD20250907 – Sept 7, 2025)

*We're just singing here, and God has said, Sound the alarm, sound the alarm. And these aren't just words tonight. God is saying it. He's saying Stand up, rise up, rise up in the place and that doesn't mean physically right now; it means spiritually. Take your place and where He has called you to be. Take your place. Stop letting things stop you. Fears and excuses, whatever may be. Unworthiness. Laziness. Apathy. Stop letting it stop you. He says Sound the alarm tonight. So right now, we just sound that alarm. Hallelujah! We sound that alarm Jesus and we say yes Lord. We will rise up; we will rise up and stand in the place that you have for us Lord. Thank you, God.*

*And the Lord says, Do not compare yourselves to other people, for your call is not just like any other person. Your call is what I have called you to do. So, stop comparing yourself. Stop trying to stand at someone else's spot. You stand in the spot that I have called you to. You stand in the spot that I have declared for you. The things that I've spoken to over the years, yes, they are still true, yes, they are still true. So, stand up in the place that I've asked you to stand.*

*Rise up. Rise up. Rise up. Rise up, My people. Rise up, My people. Rise up, My people. Oh, you don't even understand how serious this is, how important it is. The Lord needs you. He needs you to stand. He needs you to stand in the place that He's called you and in no other place. So, rise up. Rise up. No jealousy No backbiting. No taking. No stealing. Rise up in your call and the call He has for you. But it's your choice. But He's calling you tonight.*

*He's sounding that alarm just like the bell, you know at recess when you're a kid. The bell will go off and you'd run. God is sounding the alarm. So, say yes, say yes, say yes, and not just now tonight for Lord, ever more, everyday Lord, everyday Lord, every moment. Oh yes Lord, we say yes. We say yes to your plans God, to your purposes.*

*Some of you are asking, Lord how do I rise up? How do I make that stand? Where do I stand? I'm just hearing the Lord say Just be in a place of readiness. Seek Him. Seek Him again like in the days of old when you were hot for Him and on fire for Him. Stand in the place of readiness. Stand in a place of readiness. Be ready. stop coasting and don't just expect whatever it is to fall on your lap. You actually have to be in a place of readiness.*
