

Be Very Attentive to Me (PD20250921 – Sept 21, 2025)

The Lord says tonight, Be very attentive. Be very attentive to what's happening all around you. Be attentive in the world. Be attentive in this nation. Be attentive in your families. Yes, even be attentive in your church. For I'm doing a new thing and I'm a God of "suddenlies" and I am going to suddenly begin to move in ways that you've been praying for and seeking Me for, says the Lord. So, be attentive because I don't want you to miss what I am doing. Be attentive because if you are not spiritually attuned, you may miss the fulness. Be attentive because I want to do in you what I've promised, but there's the potential that you'll miss it, so be attentive. Be attentive. Be attentive to Me.

Tune the ears of your spirit more than you ever have before. In My Word I say this another way. I say, watch and pray. And that is the same today, watch and pray. Watch and pray, watch and pray for you don't know the exact hour of My visitation. But I'm coming in the "suddenlies," and I'm coming in your families, and I'm coming in your church. I'm coming even in those areas of your life that you have thought would never be fixed. So, don't miss Me, says the Lord. Be very attentive. Be very attentive.
