

DRINK FROM THE WELL OF WORSHIP PD210613

June 13, 2021

(This word came forth after and extended time of silence before God.)

Did I not say there would be many more times like this, that as you seek My face these times would increase and it would seem like nothing? Did I not say it would happen? And look, it's happening. Mark these days for they are the beginning of your training to learn how to tarry in My Presence, to learn how to enjoy Me in a corporate setting. No, they are not just for corporate; you can do this at home alone. This is the training I have you in right now that as a group you can seek My Face. So keep pressing into Me, says the Lord, for I am pleased with you. But know this: this is just the beginning. There's so, so much more. Drink. Drink of Me. Drink from this well of worship, from the intimacy, from the fellowship. For as much as you enjoy it, I enjoy it even more. I am looking forward to more and more times like these, says the Lord.
