

## **The Spirit of Intercession PD210822B**

Sun Aug 22, 2021

Even now, some of you, there is a sadness and it's not because you're actually sad but that the spirit of intercession has come upon you. When that happens, just begin to pray in the spirit because the Holy Spirit wants to pray through you. (*And it makes sense. Look at what's going on all around us.*) So if you've felt like weeping or if you've felt sad, it's not you. Just begin to pray. Just begin to pray. Even now. Go ahead.
