

GOD WANTS YOU TO COME TO HIM PD2109226A

Sept 26, 2021

In my heart I say, "I love you Lord," and I know I'm up here leading but, I'm also worshiping from my heart, searching my own heart. And I began to say, "Lord you're just so holy, thank you," and He didn't deny it. Yes, He's holy. And this is what He wants me to say to you this morning. Though He is holy, you can reach out and touch Him. He is approachable. He's also your best friend. He's also your brother. And He's here. He's here. He wants you to go to Him as one would go to a brother that he trusts and just tell Him everything that's on his heart. Yes, He's holy but He wants to be your friend. He wants to be the one that sticks closer than a brother that you know will never leave you nor forsake you. So even this morning, receive that from Him.

There is a closeness that He wants with you, that He wants with me, that He wants with each and every one of us. That's what He's talking about today. In Him we can be His friend. So Jesus, we say yes Lord. Go deeper in us Lord. Shine your light of friendship upon every heart. He says, "Yes I'll even take care of that loneliness if you let Me." That's the kind of friend He is. So just begin to tell Him, "Yes Lord. I honor you Lord. You are my friend Lord. I receive this from you. I offer you my friendship back. I reach out and I touch you and I receive from you God."
