**Experience God's Fullness**

Yes, I have given to you everything that I have available. There is nothing that I have withheld from you. But I say unto you, the fullness of who I am can only be experienced when you commit the fullness of who you are into fellowship with Me. I will reveal things about Me to you that you don't yet know. I will take you deeper into that place of intimacy with Me, with God, but you must yield totally and completely over to Me. This does not mean that you cannot have, what you call, time to yourself, for I know that you have responsibilities in this life. Remember, when I walked this earth, I had responsibilities in this life.

But I say unto you, when you dedicate yourself to Me as I dedicated Myself unto the Father, then you will understand more about who I am to you and who you are to Me, and this is so very important for these last days. You must know who you are in Me and who I am to you so that you will be able to stand strong in these last days. You've seen much calamity in the world. More is coming, for this was prophesied. But again I say unto you, if you will dedicate and commit yourself unto Me and spend time in that place of fellowship with Me, My strength will rise up within you and you will stand strong in the last days and you will make it through and you will spend eternity with Me, says the Lord.
